The clock of life is wound but once and no man has the power
To tell just when the hands will stop at late or early hour.
Now is the only time we own Love; Live, toil with a will.
Do not wait until tomorrow, for the clock might then be still.

Superintendent's Message

It is relatively easy to acquire reasonable security, normal comfort, yes, even some luxury, if you strive consistently and continuously for these things. However, these objectives soon fade into shallowness and near triviality when you strive for and attain such qualities as nobleness in character, a great desire to serve mankind, and when you have established a sound and lasting philosophy of life. Mediocrity in your aim is tragic. Only your best can contain the quality of excellence.

Emerson said, "Our chief want in life is some one who will make us do what we can." It is the obligation of our school and community to provide as much educational opportunity for its youth as it can afford. By the same token it is the obligation of the youth of our school and community to make the very best use of that opportunity.

Whatsoever things are true,
Whatsoever things are honest,
Whatsoever things are just,
Whatsoever things are pure,
Whatsoever things are lovely,
Whatsoever things are of good report,
If there be any praise,
Think on these things.
(Philippians 4:8)

To Ada High, our own school,
We raise our song today.
We praise thee now; we serve thee
In all our work and play.
Our colors always flying,
We'll keep them ever up on high.
To Ada High, our own school,
We'll praise thee to the sky.
For high school walls and high
school halls,
We love thee best of all.
